

THE

AGA ELISE

SERIES PROUDLY INTRODUCES THE

INDUCTION RANGETOP

INTRODUCING THE AGA ELISE

INDUCTION RANGETOP

The AGA Elise 36" & 48" Induction Rangetop took its cues from the modern farmhouse movement itself. Rustic yet refined, the Elise blends old and new in masterful ways, both fresh and timeless, with just a hint of the exquisite. Fast, responsive and incredibly controllable, the induction rangetop is powered by electromagnetism, heating *only* the pan and its contents, providing up to 90% efficiency. Its surface retains minimal heat, making it safer for those with small children at home. Since the rangetop stays cool, spills will not stick or burn onto the surface, making cleaning a simple wipe-down. Complimented by stunning cruciform knobs with knurling (available in standard Brushed Nickel or optional Antique Brass), the re-imagined AGA Elise Induction Rangetop confidently steps into the spotlight along side its classic AGA siblings.

Shown with Antique Brass Knob & Handle Stanchion option
