24" ADA HEIGHT DISHWASHER WITH WATER SOFTENER - PANEL READY

DW2451WS/ADA

FEATURES

Water softener adjusts the amount of salt used per wash to the hardness level of your water

Three powerful spray arms, 43 spray jets, and a fine-mesh filter work together to remove food and grease and circulate clean water

Every glass, dish, and utensil comes out spotless and dry thanks to the hot rinse and fan assist

Whisper-quiet operation means you can keep the conversation flowing while running a load of dishes

Quality and aesthetics meet in a striking stainless-steel interior with a clean, fastenerless design

12 wash cycles and 6 add-on options can be mixed and matched, allowing you to personalize cleaning to your needs

Offers infinite interior variations to meet your dishwashing needs; height-adjustable middle rack and fold-down tines accommodate large pots and tall items

Loading and unloading is easy with interior LED lights that aid in visibility

Stainless or panel-ready, in handle or handleless designs, complement any décor and coordinate perfectly with other Sub-Zero and Wolf appliances

Dishwasher disappears into the kitchen with hidden control panel and discreet status light

With our convenient Owner's App, you can remotely start or monitor a cycle, receive alerts when rinse aid is low—even set up auto-replenishment

Cove's leak protection system offers peace of mind in the rare event of a leak. A conductivity sensor in the base of the unit will automatically stop a cycle in progress if it detects a leak

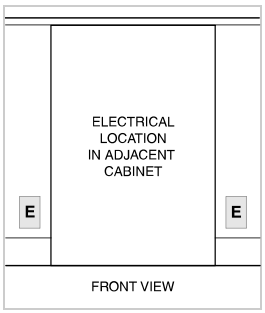
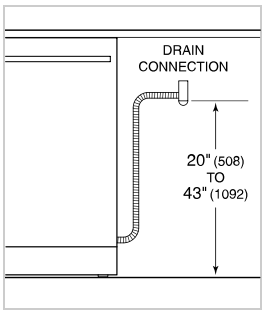
Cord Length	6'
Water Connection	5' braided tubing with 3/8" female compression fitting
Drain Connection	5' (1.5 m) corrugated tubing
Plumbing Pressure	30–140 psi

ELECTRICAL



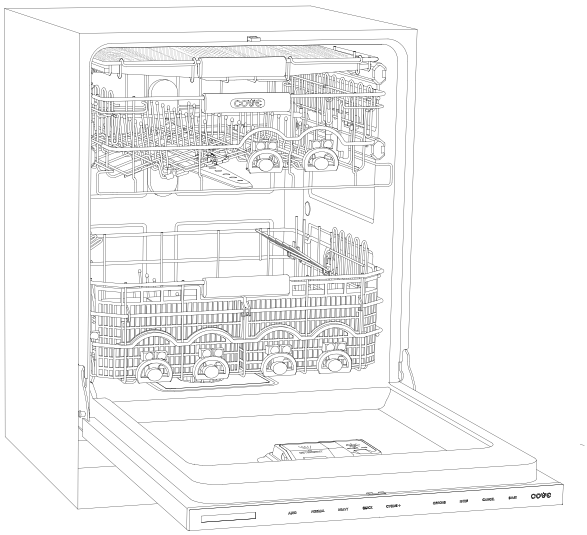
PLUMBING



COVE OPENING WIDTH Cove dishwashers accommodate varying opening widths. A 23 5/8" (60 cm) width provides minimum reveals and is ideal for new construction. A 24" width is also common; however, reveals for a 24" opening will be larger than the reveals for a 23 5/8" opening unless the panel width is adjusted accordingly. 24" and 60 cm stainless steel panels are available and must be specified accordingly.

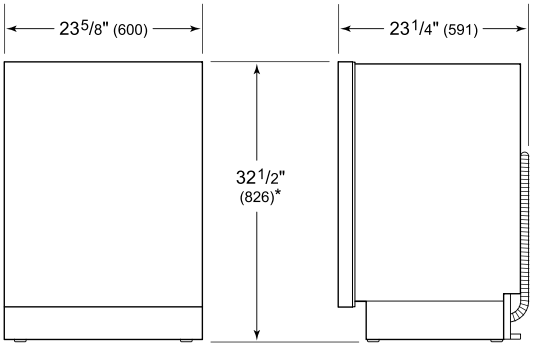
PANEL SPECIFICATIONS For complete panels specifications including width/height, weight requirements and thickness requirements visit subzero-wolf.com/reveal.

INTERIOR VIEW

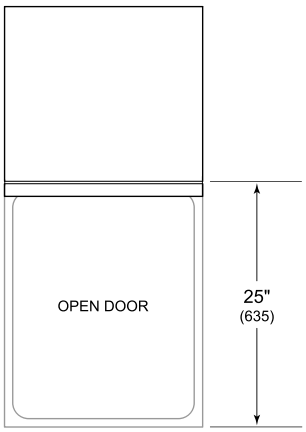


This illustration is intended for interior reference only and may not represent the exterior of the model being specified.

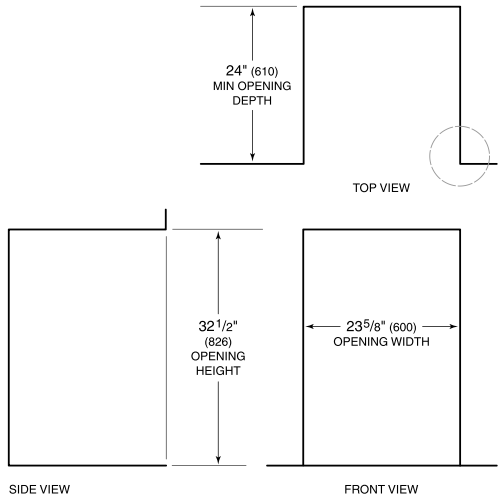
DIMENSIONS



*31 7/8" (810) MIN TO 32 7/8" (835) MAX



60 CM INSTALLATION



NOTE: 3 1/2" (89) finished returns will be visible and should be finished to match cabinetry.
